Typically, we include the rules for Leaf and Limb (L&L) collection in this space. However, the rules are under review. This document includes the L&L collection schedule for the next year above, and we have also added a map for your reference on the reverse. The collection schedule above has already been approved.

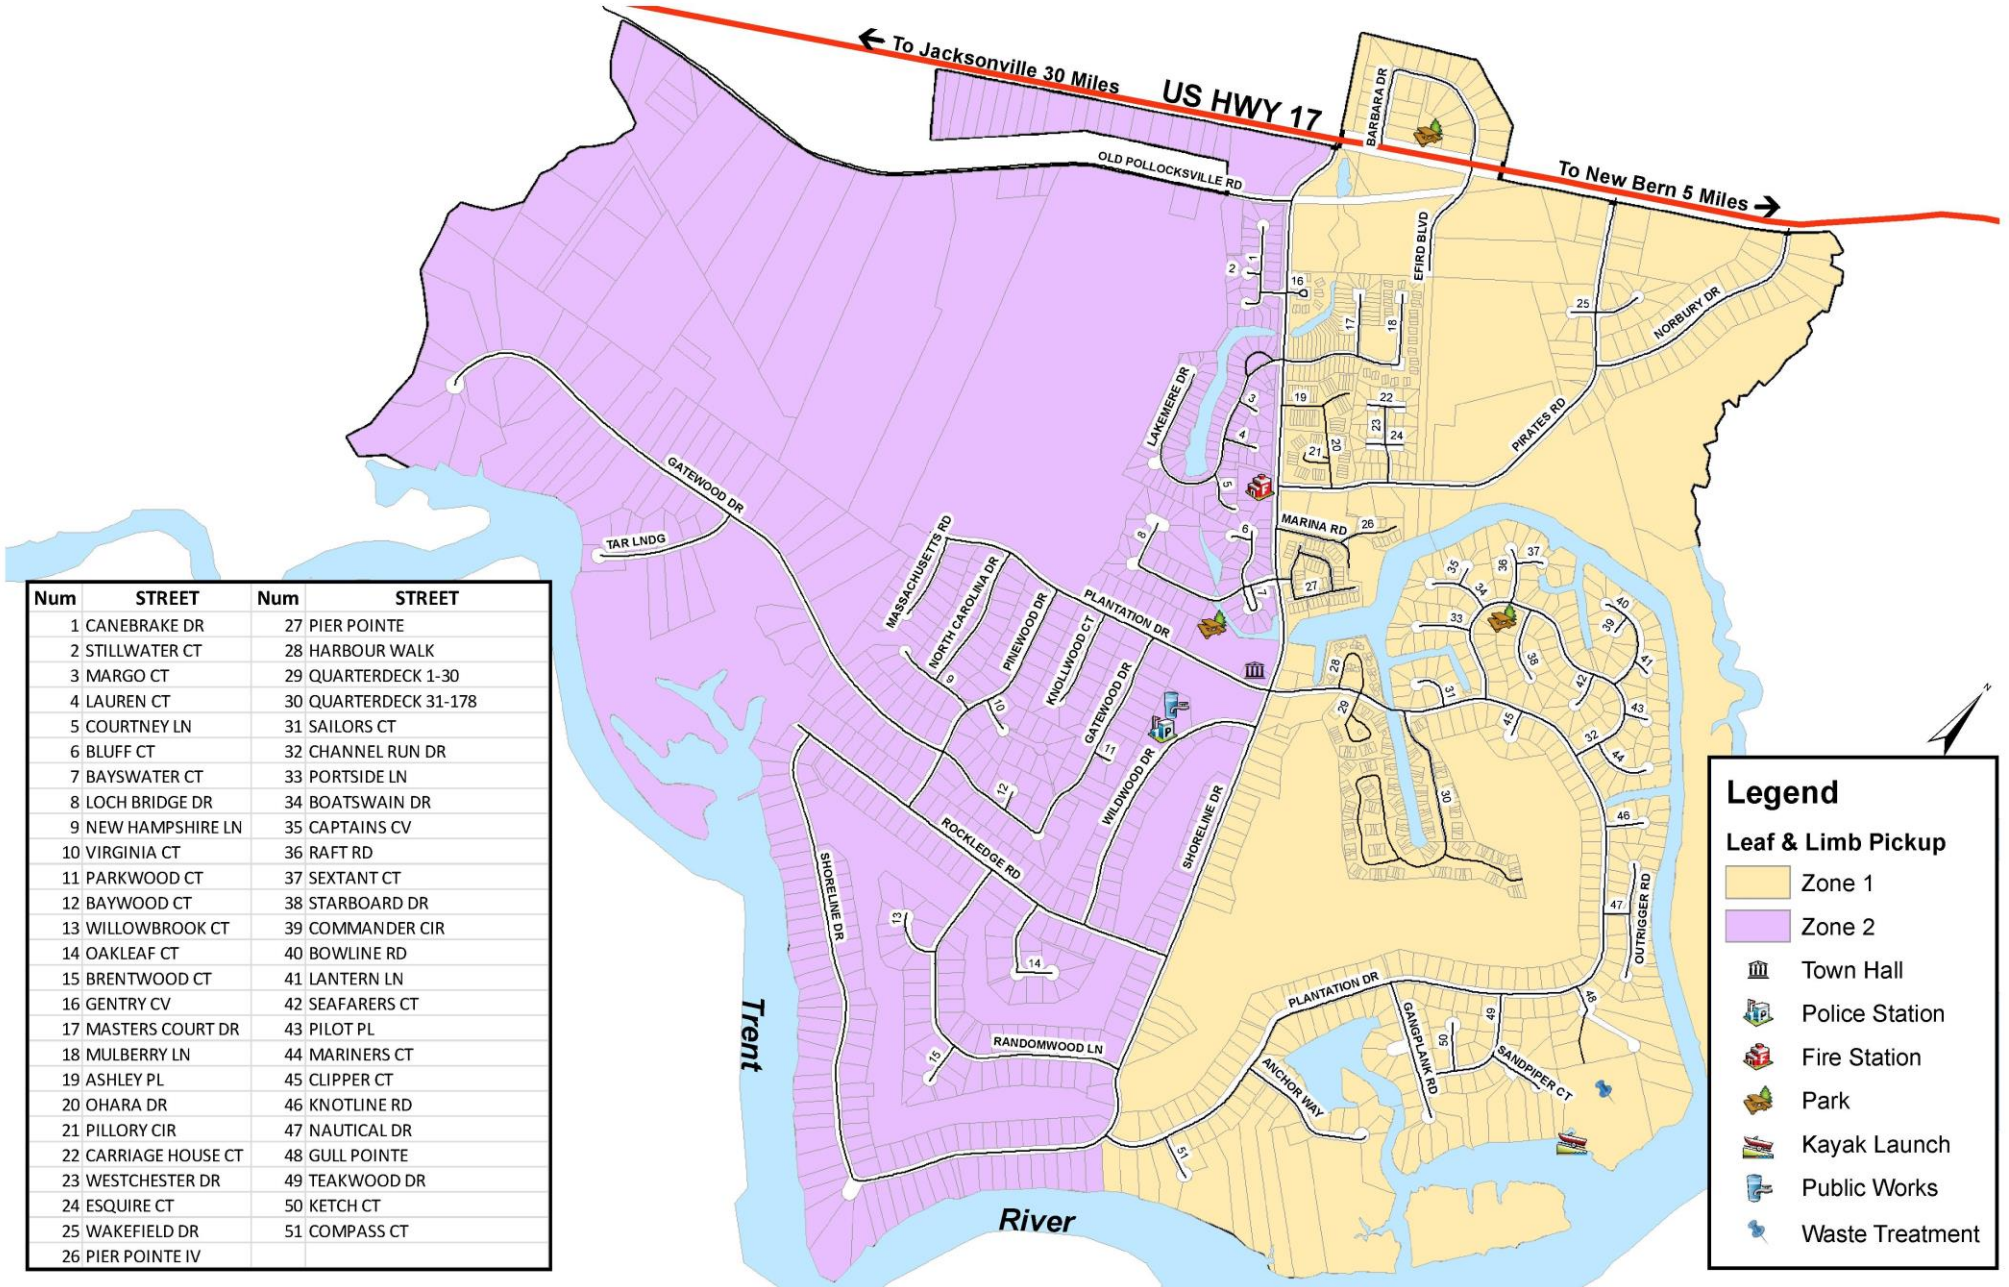

Currently, the L&L rules require residents to place all leaves and twigs in bags for collection and the bags must be labeled with the address of the producer. The town's contractor has recently requested a change in policy that would eliminate the bagging requirements. In fact, it would require that all L&L material be loose (not bagged). Bagged material would not be collected at all. Residents would simply place all of their collection eligible L&L by the curb in a pile for collection, not bagged.

Again, this is just a **proposal**. A decision has not been made yet. Until a change is made, the current rules will remain in effect. The Town Council will be considering this change at its July 18th Council meeting. If you would like to share your opinion on this **proposal**, please contact Council members before the meeting. Once the Council has made a decision, we will post the rules on our web page.
