

The Town of River Bend is currently in negotiations with Eric Pake, Jr. Construction, Inc. to provide dredging service at the entrance to Island Lake. This will require a barge and other equipment being moved to our town. Mr. Pake is offering his services to private citizens who may also need dredging done at their home. If you are interested in consulting with Mr. Pake in regards to this opportunity, it is your responsibility to contact him. In conjunction with this project, Mr. Pake will be accepting solicitations from River Bend residents until June 15th. He can be reached at 252-725-4790 or via email at dirtmanpake@gmail.com.

This is **NOT** an endorsement of Eric Pake, Jr. Construction, Inc. At this point the town is still in the planning stage of our project, and there is no guarantee that we will enter a contract with Mr. Pake. The Town of River Bend will not pay for any work that is provided to private citizens and is not responsible in any way for work that Mr. Pake may perform for private citizens. Anyone entering a contract with Mr. Pake should proceed at their own risk.
