2. Maximum diameter of limbs is three inches (3") and maximum length is six feet (6').
3. Leaves and pine cones shall be bagged, **and program participants shall either use clear plastic bags or shall affix a permanent label which clearly identifies the name and address of the source material.**

5. All debris placed upon the public right of way must be placed off the paved portion of the street, and must be placed in the right of way immediately adjacent to the property from which it originates. Debris may not be placed in roadway medians. Debris may be placed in the right of way immediately adjacent to the property of others only with the express permission of the owner of that property.
