

Town of River Bend

Monthly Financial Report

Printed 4/22/2022

This monthly report is provided as an oversight/management tool for the Town Council of the Town of River Bend. For ease of reporting, and in order to be consistent with the categories used in the annual budget process, this report summarizes the revenue and expenses in each of the three operational areas of the Town. Anyone interested in more detail, or further explanation of the contents of this report, is encouraged to contact Finance Officer Irving J. "Bud" Van Slyke, Jr. or Finance Director Mandy Gilbert.

Notes

The cash balances shown on page one are the amount of cash in each specific accounting fund. These funds are deposited in separate investment accounts. Pooled cash accounts used for operating funds but accounted for, in our internal systems, as individual accounts. Interest attributable to each account is allocated based upon the total rate of return of the account(s).

The FY Budget columns represents the original and current budget. As the fiscal year goes on and unforeseen expenses or revenues occur, we need to adjust the budget. The Council does this by formal amendment during a Council meeting. *Asterisked lines represent those budget items that have been amended since adoption.

The acronym CIF used in this report is our Capital Improvement Fund(s) for water and wastewater. These funds are, by resolution of the Town Council, reserved for expenses related to expansion of these systems, or retirement of debt. The Water CIF receives revenue in the form of annual Hydrant Fee payments.

Because this is an annual budget, it is important to note that many lines shown in this report will vary, some significantly, from month to month, and in different times of the year. In many instances, capital payments for current fiscal year projects are made early in the fiscal year and the majority of our ad valorem tax receipts occur in the middle of the fiscal year. This is another reason to maintain an adequate fund balance.

*These operating funds have equity in the Truist pooled accounts.

In order to obtain more favorable interest rates, the Town deposits funds in the North Carolina Capital Management Trust. We move funds between our cash accounts and these investment accounts to accommodate cash flow for our payables and as revenues are received in order to maintain an adequate amount of cash for operational needs while attempting to minimize bank fees and maximize interest revenue. Based upon historical cash flow and current encumbrances, our staff anticipates the level of cash needed to meet our obligations without having to make an inordinate number of transfers between accounts.

On the table above, the term cash includes those funds we hold in accounts in our designated banking institution (currently Truist). We have two accounts with Truist, a Money Market account that pays a competitive rate of interest, and an operating (checking) account from and to which we make all regular payments and deposits.

The table below shows the balances of each fund account we have in NCCMT at the end of the month. The chart to the right shows how our funds are apportioned between operating cash and investments.
