We would like to announce our honorable mentions for their work in creating fall themed public spaces:

Riverbend Garden Club Memorial Garden in front of Town Hall.  
Plantation Square flower boxes (strip mall on Plantation).

Congratulations again to the winning homes. It is evident that a lot of care went into the thoughtful decorations with consistent themes. The use of color and texture along with a mix of store purchased and crafted decorations brings delight to the viewer.

We would love to see other homeowners recognized,  
please remember to nominate your neighbors!

Be on the lookout for our next award, Christmas Festive Award.
